

BIOLOGY
SECTION II
TIME – 1 HOUR AND 30 MINUTES

Directions:

Section II has 6 questions and lasts 1 hour and 30 minutes.

Read each question carefully and completely. Answers must be written out in paragraph form. Outlines, bulleted lists, or diagrams alone are not acceptable. Do not spend time restating the questions or providing more than the number of examples called for. For instance, if a question calls for 2 examples, you can earn credit only for the first 2 examples that you provide. Labeled diagrams may be used to supplement discussion, but unless specifically called for by the question, a diagram alone will not receive credit.

You may use the available paper for scratch work and planning, but you must write your answers in the free-response booklet. Label parts (e.g., A, B, C) and sub-parts (e.g., i, ii, iii) as needed. Use a pencil or a pen with black or dark blue ink to write your responses.

A calculator is allowed in this section. You may use a handheld calculator that is approved for this exam or the calculator available in this application. Reference information, including equations and formulas, is available in this application and can be accessed throughout the exam.

You may pace yourself as you answer the questions in this section, or you may use these optional timing recommendations:

Questions 1 and 2 are long free-response questions, and it is suggested that you spend about 25 minutes on each. Questions 3 through 6 are short free-response questions, and it is suggested that you spend about 10 minutes on each.

You can go back and forth between questions in this section until time expires. The clock will turn red when 5 minutes remain—**the proctor will not give you any time updates or warnings.**

Note: This exam was originally administered digitally. It is presented here in a format optimized for teacher and student use in the classroom.

During the AP Exam administration, students have access to reference information. To see the reference information for this course, please visit AP Central:
